

TERRA 5

Small Directional Light

UL listed and approved for intended use
ETL listed and approved
Energy Star standards pending

PRODUCT DESCRIPTION

The TERRA 5 is a contemporary low-energy LED small directional spot or flood light. The TERRA 5 generates warm light with LED in a new way that enables an unprecedented combination of light output, high efficacy, beautiful consistent color and affordability. Our modular design allows for tool-less, simple and effective serviceability, while enabling the designer to change the optics in a matter of seconds. Its compact form blends discreetly into the landscape while providing significant energy savings. Patent Pending.

PERFORMANCE SUMMARY

Light Source:	Cree XLamp® XRE Lighting Class LED
@ LED Life (L70):	50,000 hours, 22.8 years at 6 hrs p/day
Input Voltage:	11 – 15 vac
Current Rating:	350 – 700ma
Watts:	3 – 6 W
CCT:	3200k typical
CRI:	80 Typical
Optics:	Optical Grade PMMA
Lumen Output:	300 Lumens on average
Material:	Recycled Aluminum, Brass, Copper or Stainless Steel
Mounting:	PVC Stake system (included)
